COLLEGE
2024 VIEWBOOK**

DO WHAT YOU LOVE. BE GOOD AT IT.

WELCOME TO YOUR COMMUNITY.

WE'VE SAVED YOU A SPOT.

Douglas College respectfully acknowledges that our campuses are located on the unceded traditional and ancestral lands of the Coast Salish Peoples, including the territories of the ǵíćəy̓ (Katzie), ǵʷa:ǵʷəǵʷ (Kwantlen), kʷikʷəǵəǵ (Kwikwetlem), xʷməθkʷəy̓əm (Musqueam) and qíqéyt (Qayqayt) First Nations.

Image: "Salmon Woman Welcomes Salmon Home," a traditional Coast Salish welcome figure carved by artist Gerry Sheena, greets visitors as they arrive at the Coquitlam Campus. The Coquitlam Campus is located on the unceded and traditional territory of the kʷikʷəǵəǵ First Nation. Kʷikʷəǵəǵ means "red fish up the river."

WELCOME TO YOUR COMMUNITY. WE'VE SAVED YOU A SPOT.

Here, you can raise your voice
and feel it resonate with the crowd.

Here is where your learning starts
with people who know your name by heart.

Here is where you'll start to make your mark
in a world that's always quaking with change,
meeting adversity with resilience.

Whatever challenges may come,
we'll light the way
and support you on the road to get there.

And when you make your passion a reality,
you'll have the skills and knowledge
to lift others even higher.

Because being resilient isn't about
weathering the world in silence.

Being resilient is helping build a world
where people don't have to be anything
but happy, safe and good at doing what they love.

Success starts here

Theo is making their teaching ambitions a reality. A sexual health educator and an activity leader for youth with developmental disabilities, they're on track to graduate from SFU's Bachelor of Arts in Gender, Sexuality and Women's Studies.

But when they first began to look at post-secondary options, Theo felt unprepared to start at a research university.

"Though I got my grades up to the point where I could have applied to SFU or UBC, I was still feeling very intimidated," Theo says. "I felt Douglas would be a better fit. It has a welcoming environment that you can't get at a big university."

Theo also loved the close-knit community and the chance to get to know their professors.

"Douglas made me feel like I was more than just one student in a massive classroom," Theo says. "I felt my voice coming through louder."

In their first year, Theo scored a 4.0 GPA and gained the confidence to apply to SFU a year ahead of their original plan. Now, they're preparing to apply to SFU's Professional Development Program, where they'll become certified to teach in B.C. classrooms. Their goal is to become an elementary school teacher.

"Elementary school fits best with my passions," Theo says. "You're working with students who are happy to learn and full of hope. I want to be the positive role model who helps them see those hopes fulfilled."

THEO'S PATHWAY: High school > University transfer (Douglas) > Bachelor of Arts in Gender, Sexuality and Women's Studies (SFU) > Professional Development Program (SFU) > Teacher

A degree of transformation

Mehre DLIR

Bachelor of Business Administration in Management

Where Mehre walks, progress follows. She's the type of leader whose impact can be measured in the lives she improves.

After moving from Afghanistan in 2017, Mehre enrolled at Douglas to get her Bachelor of Business Administration in Management, specializing in Human Resources Management. The lessons she's learned about communication, empathy and conflict resolution will be key to her ultimate goal: a career in law.

"As a lawyer, I'll need to be able to understand and work with a wide range of clients," Mehre says. "My business studies at Douglas, combined with my experience advocating for students on campus, give me a unique perspective to bring to the table. This will help me fight for my clients' best interests."

Mehre's learning didn't end in the classroom. She served as a Douglas Students' Union director and a College Board rep, giving a voice to students

and championing open access to educational resources.

She's also part of the Period Promise campaign, which helped get all Douglas washrooms outfitted with free menstrual products.

While Mehre prepares to apply to law school at UBC, she's still deciding whether she wants a career in corporate law or criminal defense.

"I appreciate the stability of practising in the corporate world," Mehre says. "But then, in Afghanistan I grew up seeing a lot of government injustices. That makes me care about the bigger picture, about turning wrongs into rights."

MEHRE'S PATHWAY: High school > College transfer (Afghanistan) > Bachelor of Business Administration in Management (Douglas) > Law school > Lawyer

Launch your career ASAP

If you want to start your career as quickly as possible, Douglas offers over 40 programs that will get you working after just one or two years of study. Our certificates and diplomas pave the way for careers in science and technology, business, the performing arts, health care, community services and more. And if you decide that you want further education, many of our programs transfer into bachelor's degree programs at Douglas and at research universities across B.C.

1 YEAR = CERTIFICATE

2 YEARS = DIPLOMA

Steeped in success

Two years ago, Heewon enrolled in the Diploma in Marketing. Now that she has graduated, she's ready to carve out a career as a digital marketing specialist, designing content to inform and engage all kinds of online audiences.

"I love content creation," Heewon says. "It's all about communicating ideas and information in a fun, original way, shaped by your own perspective. It's fulfilling to be able to share part of myself through the work I do."

Part of Heewon's time in the Marketing program was dedicated to bolstering her work experience. One of the highlights was an internship position with Gong Cha, a bubble tea café with locations throughout the Lower Mainland, where she managed their social media. She quickly proved herself a pro at creating Instagram campaigns, poster graphics and more. She even led the charge on Gong Cha New Westminister's second-anniversary promotional campaign, rocketing up their location's Instagram reach.

"It's a lot of responsibility, but it's responsibility I enjoy taking," Heewon says. "And the support I got from my

workplace helped me meet so many others in the marketing field along the way, building my connections and learning new skills."

With her diploma freshly in hand, Heewon is on the hunt for her next opportunity in digital or content marketing, or in social media management.

"Because you have to be so independent, it can be intimidating to pursue a marketing career, but I've learned not to be scared of making mistakes." Heewon says, "I'm happy to explore my options, and I know that whatever comes next, I've gained the experience I need to succeed."

HEEWON'S PATHWAY: High school > Bachelor of Sociology and International Trade (Korea) > Diploma in Marketing (Douglas) > Digital marketer

Start university here

Did you know you can begin your bachelor's degree at Douglas and then transfer your credits to a university to complete it? By starting at Douglas, you'll graduate with the same credential as students who went straight to university, but with a few advantages.

YOU'LL BE MORE THAN JUST A NUMBER

At Douglas, classes typically have 35 students, while first-year courses at research universities can have up to 500 students in a class. Here, you'll have opportunities to get to know your classmates and work one on one with your professors.

YOU'LL GET EXPERIENCE

With our focus on applied learning, you'll put what you learn in the classroom into practice through work placements, overseas field schools, labs, field trips and, for performing arts students, the stage.

YOU'LL SAVE MONEY

Attending Douglas saves you over \$4,800 when you take the first two years of your degree here.

To find out how Douglas courses transfer to B.C. research universities, use the BC Transfer Guide. bctransferguide.ca

Setting the tempo

As a top-tier percussionist who's training to be a teacher, Evan moves deftly between concert stages and classrooms in his double-degree program in education and music at UBC.

On top of his regular coursework, he's been assisting in high school music rooms and performing in community concerts. He's even gotten to sit in on paid recording sessions with professional musicians.

The story of Evan's success begins with a Diploma in Music from Douglas. That's where he built his foundation as a performer, growing alongside a cohort of dedicated musicians.

"Douglas was an approachable first step to get the education I wanted, because I only got interested in studying music later in life," Evan says. "I had the chance to build myself up until I was ready to impress any panel of judges, even in the most daunting of university auditions."

Evan ultimately crushed his audition for UBC's Dual Bachelor of Music and Bachelor of Education. He's also branching out into new musical disciplines, such as conducting. When he graduates, he'll be qualified to teach music in many possible settings, but for now, he's happy to go where the flow of music education takes him – all while looking to his many mentors for inspiration.

"Both at Douglas and UBC, all my instructors have been super experienced. They've done everything," Evan says. "I'd love to be someone like that, ready to teach what I know to musicians starting out."

EVAN'S PATHWAY: High school > Diploma in Music (Douglas) > Dual Bachelor of Music and Bachelor of Education (UBC) > Music teacher

Explore your options

WITHOUT WASTING TIME OR MONEY

Not sure what you want to study? No problem. We offer two credentials that let you take a variety of courses in different areas before you make a decision. Once you've found an area of study you like, you can put the credits you've already earned toward completing another credential – either at Douglas or at a different college or university.

CERTIFICATE IN ACADEMIC FOUNDATIONS

1 OR 30
YEAR CREDITS

- Choose 10 courses in the arts and sciences.
- Earn 30 credits you can transfer to university or use toward another credential at Douglas.

DIPLOMA IN GENERAL STUDIES

2 OR 60
YEARS CREDITS

- Explore courses in the arts, sciences, performing arts, human services and business.
- Earn 60 credits you can (if chosen carefully) transfer to university or use toward another credential at Douglas.

Up to code

Myungsan wants to create software that will improve the personal wellness of people around the world.

The certified personal trainer is studying to become a data scientist through the SFU-Douglas Degree Program. He takes classes at both schools and will graduate with a Bachelor of Science in Data Science from SFU.

"Software has fascinated me since I was young, and things like AI and technology will become a bigger and bigger presence in society," he says. "I want to ensure it's something that improves people's lives instead of detracting from them."

Myungsan began with a Diploma in General Studies from Douglas. He took courses in psychology, sport science, math and more, until computer science captured his attention.

"General Studies allowed me to explore different subjects and figure out what was best for me before I settled on a goal," he says.

Eventually, Myungsan wants to build his own app development company. He's already started collaborating with classmates to make apps that support wellness, through functions like exercise tracking and gratitude journaling.

"Using technology to serve people and their needs – that is my guiding motto," he says.

MYUNGSAN'S PATHWAY: High school > Diploma in General Studies (Douglas) > Bachelor of Science in Data Science (SFU-Douglas) > Data scientist

Myungsan

Get involved

Be a leader, join a team, make a change — take your pick or do it all. Outside the classroom, you'll find many opportunities at Douglas to learn more about yourself, meet new people and get involved in College life.

STUDENT LIFE

STRONG START: NEW STUDENT ORIENTATION Get ready for your first semester with workshops, a campus tour and more.

EDGE Make friends and build community through fun and challenging team activities (for new students).

LEADERSHIP TRAINING PROGRAM Build self-confidence, and learn skills such as effective communication and intercultural fluency.

STUDENT LEADERSHIP GROUPS Join like-minded peers to host events, support new students and advocate for change.

RESEARCH DAYS Showcase your hard work and discoveries while honing your presentation and public-speaking skills.

EVENTS Enjoy plays, concerts, art shows, career fairs, wellness workshops and more.

CLUBS Join a club that matches your interests – or start your own. Offered by the Douglas Students' Union.

VOLUNTEERING Improve your leadership skills and gain a deeper connection to the Douglas community.

INTRAMURAL SPORTS Break a sweat and have fun with volleyball, basketball, badminton, dodge ball and more.

FITNESS CENTRES Train, work out and take classes in yoga, HIIT, boot camp and more.

VARSITY SPORTS: THE ROYALS

The Royals athletics program offers more opportunities to play competitive sports than any other college in B.C. But being Royal means more than winning: We help our athletes become well-rounded people in addition to being great at their sport through leadership activities and volunteering opportunities.

OUR TEAMS

Women's Basketball • Men's Basketball • Women's Volleyball
Men's Volleyball • Women's Softball • Men's Baseball
Women's Soccer • Men's Soccer

ROYALS ALL-TIME HIGHLIGHTS

- 100 All-Canadian awards
- 68 PACWEST championship titles
- 42 CCAA national championship titles
- 24 PACWEST Player of the Year awards
- 20 PACWEST Coach of the Year awards
- 18 CCAA Academic All-Canadian awards
- 15 CCAA Player of the Year awards
- 6 All-American awards
- 6 CCAA Coach of the Year awards

HOW TO BECOME A ROYAL

- Contact our coaches to find out when camps are conducted for prospective athletes.
- Submit a Royals Recruiting Form online. Find out more: douglascollegeroyals.ca

Taking the lead

Danna scoured her college viewbooks for schools that had a friendly, interconnected community. She found that at Douglas – plus many opportunities to contribute to the community herself.

Danna has been a director at the Douglas Students' Union, a Student Ambassador running events for prospective students, and a key player in hosting EDGE, an annual event for new students.

Her campus activities started with a simple conversation. Early in Danna's time at Douglas, she approached a Student Ambassador about their work. This inspired Danna to apply to become an ambassador herself.

"I jump on opportunities when I see them," Danna says. "Everything I've gotten involved with has been sparked by meeting people doing interesting things. Then, I learn more about these opportunities

and determine how I can become a meaningful part of them."

Danna's extracurriculars have also helped her gain valuable skills – such as decisiveness and flexibility – that she will put to good use when she becomes a nurse.

"Nurses have to think on their feet," Danna says. "Anything can go wrong at any time, and if it does, you need to find solutions fast because there are lives hanging in the balance. Events and community-building might not have the same stakes, but there's still an urgency that teaches you how to be adaptable."

DANNA'S PATHWAY: High school > Academic Foundations for Potential Nursing Applicants (Douglas) > Bachelor of Science in Nursing (Douglas) > Registered nurse

Services for your success

ACCESSIBILITY SERVICES

If you have a disability or other barriers to access, connect with an Accessibility Specialist. They'll work with you to build an individualized plan for accommodations, services, equipment – whatever supports you need.

CAREER CENTRE

Lay the groundwork for your career before you graduate. The Career Centre offers job coaching, Co-operative Education, skills workshops, resumé review, an online job board and more.

COUNSELLING

It can be tough to take care of your well-being on your own. Our Counsellors are here to listen, and they will work with you to find strategies to help you face personal, educational and other challenges you may be experiencing.

GLOBAL ENGAGEMENT

Your time at Douglas just might be the best time to get acquainted with the world. Whether you're volunteering locally for globally minded initiatives or crossing continents to study abroad, Global Engagement will guide you on your journey to becoming a global citizen.

INDIGENOUS STUDENT SERVICES

If you self-identify as Indigenous and are looking for cultural connections or supports on campus, Indigenous Student Services can help you with your post-secondary journey, including how to apply for funding, accessing spiritual supports and more.

LEARNING CENTRE

Finesse your academic skills with a little help from your fellow students. Peer tutors can help you get stronger in writing, math and more.

STUDENT SUCCESS ADVISING

Connect with your personal advisor – assigned to you once you start classes – for academic, financial and success-strategy planning.

STUDENT SUPPORT NAVIGATOR

If you have experience in MCFD/DAA care or are a mature or first-generation college student, our Student Support Navigator is here to help you clear the unique hurdles you might be facing.

15

A restorative voice

Kayla is strengthening ties with her heritage while building relationships with other Indigenous cultures through a unique program for Indigenous students.

The Indigenous Global Learning Program, offered jointly by Douglas, Langara College and the University of the Fraser Valley, gives Kayla the opportunity to study and learn with Indigenous students, Elders and Knowledge Keepers from across North America. A graduate of the Youth Justice program, Kayla says the knowledge she gains will be invaluable to her career as a social worker supporting Indigenous people struggling with homelessness, poverty, addictions and mental health.

"I want to learn more about myself as an Indigenous person, and about Indigenous peoples all across the

world," Kayla says. "I want to keep learning and keep helping people as best as I can."

The program finishes with a two-week trip to Hawaii, where she and her cohort will focus on language revitalization.

"I'm not fluent in my family's language, Kwak'wala," Kayla says. "It's exciting to learn the process of giving new life to languages like mine, and to see how these languages are evolving as they get passed on to younger generations."

Getting into Douglas

GENERAL ADMISSION REQUIREMENTS

To be admitted to Douglas, you must meet ONE of the following criteria:

- You completed high school or equivalent education, OR
- You are one course short of high school graduation, OR
- You are 19 years old by the first day of classes, OR
- You are at least 17 years old on the first day of classes and have been out of high school for at least one year, OR
- You are a special needs student and have completed 12 years of study.

AND:

- You completed English Studies 12 or English First Peoples 12 with a C or better, or approved equivalent.

WHEN TO APPLY

You can apply up to 11 months before the semester you want to start in.

Apply early for the best chance of getting into the program you want.

HOW TO APPLY

Apply at apply.educationplannerbc.ca/douglas. We'll send you confirmation of your application by email and information about what to do next.
