This program revision responds to a recommendation from the Intercultural and International Studies (IIS) Program Advisory Committee, to add MODL 1105 to List E.

K. Denton inquired whether the initiators had considered listing “Select any MODL course in List E”. J. Fellows responded that the IIS Program Advisory Committee thought it best to send this update through governance now with the intention of revising the program guidelines in the future.

#### 6.2 Full Program Proposal: Post-Baccalaureate Diploma in Project Management

M. Semeniuk spoke to the item.

This two-year Post-Baccalaureate Diploma (PBD) in Project Management will provide students with a foundation in project management knowledge and skills. Noting that the Bachelor of Business Administration currently has a Concentration and a Post-Degree Diploma in Project Management, this PDB program would offer students opportunities for Co-Op education. The Post-Degree Diploma in Project Management is one of the most popular programs in Business Management and students from that program have expressed the need for more experiential learning.

T. Borgford asked if the initiators had considered using a different credential name as it might cause confusion to student applicants. M. Semeniuk responded that they did have this discussion at the Programs Committee but were unable to come up with an alternate credential name.

B. Younan added as a reminder that all credential types are listed in the *Credentials Awarded at Douglas College Policy*.

**ACTION:** Please refer this item to your constituency groups for consideration of approval at the October 21, 2024 meeting.

**6.3 Program Revision: Post-Degree Diploma in Project Management**

M. Semeniuk spoke to the item.

This program revision aligns the program with the Credentials Awarded at Douglas College Policy, adds in the learning outcomes and improves language clarity for students.

**6.4 Draft 2025-2026 Budget Guidelines**

K. Denton advised that the Draft Budget Guidelines are circulated every year which starts the process where we seek budget advice to provide to the College Board. She advised that the Guidelines are consistent with the last few years and have not changed.

If your department or program has established a procedure for recognizing prior learning, please indicate 'Yes' in Curriculum Navigator and ensure that it is also noted in the course outline.

The Registrar noted one additional edit that was recommended to the Policy Committee, however, the Policy Committee did not meet to include this update for the September 2024 meeting. The proposed edit removes the duplication of language

that is already stated in the Definitions section of the policy, **Grade Point Average (GPA)**:

**GRADING/RECOGNITION OF CREDITS**

Learning assessed through the prior learning assessment process will be assigned a grade in accordance with the Douglas College *Grading Policy* and consistent with the grading practices of the specified course.

- Her interactions with government officials have changed due to the upcoming election. Ministry staff are busy documenting their work and various initiatives to support a smooth transition should there be a change in government.
- Federal government changes to the process of obtaining international study visas and post graduate work permits have made it more challenging for prospective international students. She continued that we are not as impacted as other institutions as we have been diversifying the areas of the world where we recruit students, including regions where students are not interested in immigrating to Canada. The College will continue to counter any negative and conflicting messaging.
- The College is wrapping up the last initiatives of the 2020-2025 Strategic Plan. The Senior Management Team (SMT) and the College Board will begin to set priorities for the new 2025-2030 strategic initiatives. There will be opportunities for feedback on the new Plan.
