

Chetan Kaur – Candidate for Student Representative

My name is Chetan Kaur, and I am currently pursuing a **Post-Baccalaureate Diploma in Cybersecurity** at **Douglas College**. With a strong passion for fostering a positive and inclusive campus environment, I have proudly represented my college and engaged with our diverse student community.

At Douglas College, students come from all backgrounds, united by their ambition to achieve their goals. As your student representative, I am committed to being an approachable, transparent, and proactive advocate—ensuring that every student feels empowered to voice their ideas, concerns, and aspirations. I believe that collective voices drive meaningful change, and together, we can build a more supportive and dynamic learning experience.

My Vision:

Enhanced Student Resources – Advocate for improved access to mental health support, academic advising, and career development services to help students succeed academically and personally.

Stronger Student Representation – Serve as a bridge between students and college administration, ensuring that your concerns are heard and addressed effectively.

Inclusive Campus Community – Organize events in both technical and cultural fields, promoting professional growth, networking opportunities, and a sense of belonging for all students.

Transparent Communication – Foster open dialogue between students and leadership, advocating for policies that truly reflect the needs of our community.

Balancing academics, work, and personal life can be challenging, and I am committed to creating initiatives that support student well-being and success. With your trust and support, I will work tirelessly to make our campus a place where every student feels valued, heard, and empowered.
