

Hello! I'm Srinithin Rajendran, and I'm running for the College Board. I'm very involved in the Douglas community, and I've worked as a Student Assistant in Student Life, a Student Ambassador with the Future Student Office, and currently, I'm Director of College Relations with the Douglas Students' Union. I also was part of the Education Council at Douglas College and currently the College Board.

I love connecting with people, and I think I can be a solid bridge between students and faculty. I've been in various roles, so I know the ins and outs of our college community pretty well. If elected, my top priority will be to enhance the student experience on campus. This includes providing more opportunities for students to get involved in extracurricular activities and ensuring that the needs of students are being met. In addition, I believe in creating a welcoming and inclusive environment for all students. This means advocating for diversity and inclusion and creating opportunities for students from all backgrounds to come together and learn from one another.

Thank you!
