

Imagine a college where every student feels truly heard, supported, and empowered to reach their full potential. That's the kind of environment I, **Vijayta Thakur**, want to help create at Douglas College. I'm running for the College Board because I believe our collective voices should be the driving force behind the decisions that impact our college experience. From my first semester, I've embraced leadership roles, securing an executive position in the **DSU Accounting Club**, mentoring as a **Student Ambassador with FSO**, and volunteering at **graduation ceremonies** and with **Douglas College International**. These experiences have given me a deep understanding of the diverse needs of our students.

If elected, I will work to build a more connected campus by organizing events and initiatives that are engaging and accessible to all. I will strengthen communication between students and the College Board to ensure that our concerns are not only heard but acted upon. Additionally, I'll advocate for increased financial support, such as expanded student grants, and push for enhanced academic resources like tutoring and career development services. I am committed to creating a college experience that is inclusive, vibrant, and supportive for everyone. Together, we can make Douglas College a place where every student feels empowered to succeed.
